

WORKSHOP 4

Hepato-Gastroenterology/Lipids

Organizers: Piero Portincasa (Bari, Italy) & Matías Ávila (Pamplona, Spain)

Thursday 31st MAY

14:30-15:00. Catherine Postic. Paris, France (Topic: Genetic regulation of liver metabolism: from physiology to disease)

15:00-15:30. Piotr Milkiewicz. Liver and Internal Medicine Unit, Medical University of Warsaw (Topic: Quality of life in autoimmune liver disease)

15:30-16:00. Elisabetta Bugianesi. Division of Gastroenterology, Department of Medical Sciences, University of Torino, Italy (Topic: the burden of fatty liver disease in an aging population)

16:00-16:30 BREAK

16:30-17:30. Short talks.

Friday 1st JUNE

8:30-9:00. Jose C Fernandez-Checa. IDIBAPS-CSIC, CIBERehd. Barcelona, Spain. (Topic: mitochondrial dysfunction and liver injury)

9:00-9:30. Hans Zischka. Munich, Germany. (topic: Mitochondrial adaptation in steatosis)

9:30-10:00. Francesc Villarroya. Departament de Bioquímica i Biomedicina Molecular, Institut de Biomedicina, Universitat de Barcelona (IBUB) and CIBERobn. Barcelona, Spain (topic: regulation of lipid metabolism in NAFLD)

14:30-15:00. Paulo Oliveira. An Update on the ETN project FOIE GRAS (Coimbra, Portugal)

15:00-15:30. Matías A Ávila. CIMA-University of Navarra. CIBERehd. Pamplona, Spain. (topic: bile acids metabolism and disease)

15:30-16:00. Piero Portincasa. University of Bari medical School –Internal Medicine (topic: - More metabolic syndrome after cholecystectomy. A lesson from bile acids)

16:00-16:30 BREAK

16:30-17:00. Mercedes Fernández. IDIBAPS Biomedical Research Institute, University of Barcelona, CIBERehd, Barcelona, Spain. (Topic: circadian lipid metabolism and liver).

17:00-17:30. Marcyn Krawczic. Saarland University Hospital, Homburg, Germany (Topic: XXX)

17:30-18:00. Short talks.
